Mihir Makwana
Roll No:21BIT247

Practical-3

Aim- Build web Page,

1. Create one Faculty Feedback form with Student Name, Roll Number, Faculty Name, Subject Name, Questions, Suggestion and Submit Button.
2. Create page with 20% and 80% ratio of screen where 20% is vertical navigation bar and 80% click where you see your resume.

Code:

1. Create Feedback Form

Form.html:

```
<!DOCTYPE html>

<html lang="en">

<head>

    <meta charset="UTF-8">

    <meta name="viewport" content="width=device-width,initial-
scale=1.0">

    <title>Faculty Feedback Form</title>

    <link rel="stylesheet" href="Form.css">

</head>

<body>

    <h2>Faculty Feedback Form</h2>

    <div class="form-box">

        <div class="textup">

            <i class="fa fa-solid fa-clock"></i>

            It only takes two minutes!!
```

```
        </div>

        <form>

            <label for="uname">

                <i class="fa fa-solid fa-user"></i>

                Student Name:

            </label>

            <input type="text" id="uname" name="uname" required>

            <label for="RollNO">

                <i class="fa fa-solid fa-envelope"></i>

                Roll Number:

            </label>

            <input type="text" id="RollNO" name="RollNO" required>

            <label>

                Select Faculty Name:

                <br />

                <select name="FacultyName">

                    <option>--None--</option>
